We actually didn't need to make Aliyah... we just needed to ship some boxes in a container out from Israel to the USA ...you guys are doing a great job! Your service is amazing, and if I'd ever need your services, I wouldn't hesitate to contact you

Ewa Dor, Moved from Poland to Yavne, September 2016

All process of shipment went very well, it was smooth and with excellent communication with Polish partners of Kef and Kef itself in Israel. We experienced small problems in Poland with the custom declaration (it was made not properly at the beginning), but the Polish partners of Kef reacted immediately and made all possible efforts to correct the mistake and eventually they succeeded. It was a good choice to make my Aliyah shipment with Kef International. Toda raba!

Josef Stern, Moved from Chicago to Jerusalem, September 2016

The experience was excellent. Both the packers in Chicago and the delivery team here in Israel were very professional, efficient, and nice guys. I would especially signal out the driver here in Israel who was simply brilliant in managing the truck on the small windy Jerusalem streets.

Our moving experience was extremely smooth thanks to the professionalism of everyone. There were absolutely no glitches along the way. Everything happened on schedule and as planned (except for arrival of ship to Ashdod 3 days late -- but that was to be expected), and communication with Kef was excellent. A huge to Jerusalem could have been fraught with difficulty, but it wasn't thanks to the first-rate service by Kef from pick up to dealing with customs to delivery at our new home. Kef has also been very helpful in helping us move our landlady's furniture out and in to storage. Thank you!

Really, you guys do an amazing job. Everything was excellent and impressive! Kef International packs, delivers, and does their business as if they were doing it for their best friends and family. They hire the nicest people who are normal and do not give you a headache, which is very important during this process. Their team follows up with everything and is always so nice and professional. I have never seen anything like it. Each person seems to be hand-picked! They were highly recommended to us, which is why we chose Kef, and the recommendation proved to be exactly right!

Prompt & professional. Delivery team .. talented and creative in solving the problems that came up. They also worked together well, using the strengths each brought to the task without friction. The 3 member team was the equal of the larger packing team. We are very pleased and would heartily recommend Kef to others.

From Leah Rodov **November 25, 2013**

... the guys that packed us, every single one of them were AMAZING. They were always polite, courteous, easy to work with. I am very difficult to please!! However, I have never seen people work in more professional, menchlich way! They were calm, relaxed, and yet focused and efficient!! I have moved not once in my life and I have NEVER seen a company with movers that were so aristocratic in their behavior (sorry if that does not sound like a compliment lol) I mean that they were not crude or rude. They were so intelligent!! They remembered all the weird directions about this drawer but not that... etc. etc.... I felt harried and overwhelmed and their demeanor was a chizuk for my family, really!

I can see that you have given a lot of thought to the kind of experience you want people to have, and you have succeeded. I also run a business and notice things... and I am so impressed! A company can be in business for profit and run it with Torah principles of decency and integrity, and I think that you do. I can see why you were recommended to us! I thought however that the people that recommended you were just lucky or perhaps exaggerating,... but now I can rave about you to others as well. :) Please let the guys all know how much we all appreciate their work and please relay this information to the appropriate people..!!

Best,
L Rodov

From Libby Reichman **November 13, 2013**

Dear Adam and Guy and Daniel,

My parents' lift arrived yesterday and the dust is still settling as far as checking that everything arrived in good condition. But I want to write already at this point to say to all of you that you all did your parts exceptionally well and that every stage of the work was done with super-professionalism, clear communication and very good spirit.

The packers in NYC were great; the movers here were very pleasant to work with. Packing my parents up was very difficult, and getting a zillion packages (including taking care of one return which was done most graciously) into the warehouse must have been a pain in the neck. But Guy, you were always cheery and accessible and had no complaints. Your packers were terrific. And Daniel, you were very helpful and informative and straightforward and it was a pleasure to deal with you.

So Adam that is your answer – you have a great team and everyone did their part of the job really well. Thank you!!

I would recommend using KEF to everyone I know.

From Ira Kugelman **September 17, 2013**

The packers were amazing and friendly. They took care of everything.

After arriving in Israel I had heard of companies "hijacking" families and not finishing the work until after an appropriate tip was given. We also heard that companies were not unwrapping and putting together beds and couches. We were worried. The delivery was PERFECT!! They unwrapped everything they were supposed to. They put together all the beds and couches. They were friendly and worked fast.

Thanks for making the biggest move of our lives relatively easy and painless.

Anyone who doesn't use KEF is making a mistake. From start to finish the staff was amazing. Even before I signed a contract the staff answered question after question.

Very highly recommended. Ira Kugelman

From Mordechai Weiss **September 2, 2013**

The service was excellent. Though this is a very difficult experience to move your entire household, the physical moving of the articles as well as the packing was done professionally and expeditiously.

From Nisan Jaffe September 2, 2013

Everyone we dealt with at Kef, and their contractors, was friendly, personable, and helpful. Kef was especially helpful with the delivery of our lift in Israel. They handled everything, and we never had to personally deal with the inevitable issues that come up.

From Debbie Siman-Tov August 29th, 2013

I would like to take this opportunity to thank you for the wonderful service Kef provided for my parent's, Linda and Bennett Levine's recent aliyah.

Our positive experience started from our initial contact with Adam via phone/email and was enhanced when we met with Guy for the estimate. Guy was very knowledgeable and understood the challenge the task of packing up their lives meant to my parents.

Kef dealt with us in a professional manner and always answered emails and telephones calls immediately.

It was extremely helpful that Kef sent reminder emails and other forms/ instructions that helped keep us organized and focused.

On the New York side the packers that came to my parent's home were efficient and courteous.

They did a fabulous job packing and wrapping everything to protect it against breakage. My parents were very impressed with the crew and tipped them generously, as they certainly deserved.

On the Israel side, as soon as the container was in the port, Daniel called to update me. Within 5 days of it's arrival in Israel, the lift was cleared through customs and delivered to both Chashmonaim and then to Modiin.

Here too, the movers were excellent. They were courteous and professional. In fact, there was one piece of furniture that did not fit through the doorway of one of the bedrooms and they spent almost an hour trying to figure out how to get it in to the room. They did not give up and were finally able to get the piece in without damaging anything.

Here too, my parents were very grateful and tipped the crew generously.

I would like to thank Daniel for being so available by phone during the day of the delivery. He was very helpful.

We could not have been happier with the service provided by Kef and have already recommended them to our friends.

Thank you all so much for making this key part of my parent's aliyah experience such a positive one. Debbie Siman-Tov
